Survey on Financing of Small and Medium Enterprises
2007

FINAL SPECIFICATION FOR COLLECTION OVER THE TELEPHONE

Small Business and Special Survey Division
Statistics Canada
INTRODUCTION AND FRAME MAINTENANCE

READ: “Hello, my name is (interviewer) and I call from Statistics Canada. Your business has been selected to participate in a national survey on the financing of small and medium-sized businesses. The survey is designed to find out what types of financing businesses use, and is important to guide public policy. Are you the person who would best be able to provide information on financing of the business?”

NOTE: If the respondent says “no”, ask: “May I speak with the person who would best be able to answer the survey?”

“Your answers to this voluntary survey will be treated in strict confidence. To ease response burden, they will be linked to tax data for your business from the Canada Revenue Agency, used for statistical purposes and published in aggregate form only. The survey is conducted under the authority of the Statistics Act.”

PROMPT: If respondent asks what tax data will be shared: “Financial statements for the year 2007 as well as sales information for the years 2003 to 2007 would be accessed, including income statement items such as revenue and expenses, as well as balance sheet items such as assets and liabilities.”

NOTE: If respondent wants to know how long the survey will take, respond: “The survey will take between 15 and 30 minutes of your time.”

Before we begin I would like to inform you that a supervisor may listen to the call for the purpose of quality control.
